K. ADJOURNMENT TO NEXT REGULARLY SCHEDULED HPC MEETING DECEMBER 1, 2015

CITY OF ESCONDIDO

MINUTES OF THE REGULAR MEETING OF THE ESCONDIDO HISTORIC PRESERVATION COMMISSION

August 4, 2015

The meeting of the Historic Preservation Commission was called to order at 3:00 p.m. by Chair Rea in the City Council Chambers, 201 North Broadway, Escondido, California.

Commissioners present: Chair Rea, Commissioner Brietenfeld, Commissioner Lee, Commissioner Taylor, and Vice-chair Spann.

Commissioners absent: Commissioner Corell, and Commissioner Danskin,

Staff present: Paul Bingham, Assistant Planner; Jay Petrek, Assistant Planning Director; and Ty Paulson, Minutes Clerk.

MINUTES:

Moved by Vice-chair Spann, seconded by Commissioner Lee, to approve the minutes of the June 2, 2015, meeting. Motion carried unanimously. (4-0) Commissioner Taylor was absent from the vote.

WRITTEN COMMUNICATIONS: Received.

ORAL COMMUNICATIONS: None.

PUBLIC HEARINGS: None.

CURRENT BUSINESS:

1. DESIGN REVIEW – Case No. ADM 15-0127:

REQUEST: Design Review of 1955 OEN house proposing period-appropriate color scheme, replacing the more modern front door with a 6-light door, reroofing of the structure and approval of window changes.

LOCATION: 429 East 10th Avenue.

Paul Bingham, Assistant Planner, provided the staff report and background history for the property located at 429 East 10th Avenue. He noted that a stop work order had been issued for the property as well as it being a current Code Enforcement case. He stated that the applicant's intent was to turn the property back into a single-family dwelling. The owner had also submitted a list of addresses for surrounding properties that had vinyl windows and requested this

be considered. Staff recommended approval of the period-appropriate color scheme, replacing the more modern front door with a 6-light door, reroofing of the structure and approval of replacing windows with the condition that all illegal windows and opening changes be restored to their original styles and locations.

Vice-chair Spann and staff discussed the items that would need to go through the building department, specifically with regard to widow replacements.

Commissioner Brietenfeld questioned why the windows were changed.

Paul Green, property owner, stated that he originally believed they fell under the Title 24 requirements as well as observing surrounding homes having vinyl windows. He noted that after purchasing the windows they found out that they were under Title 23 requirements. He apologized for his misunderstanding and noted that they had hired a new contractor.

Vice-chair Spann asked Mr. Green if he had visited the residence while the work was occurring. Mr. Green replied in the affirmative.

Vice-chairman Spann noted that he could observe large gaps in the windows from the street. Mr. Green concurred and noted that he had learned a valuable lesson with this property but was losing a large amount of money. He then asked if the Commission would allow the installation of the windows he had purchased.

Chair Rea asked Mr. Green if he was aware that the property was located in a historic district when he purchased the property. Mr. Green replied in the negative. Chair Rea asked Mr. Green if he was a realtor. Mr. Green noted that he had just obtained his real estate license.

Chair Rea noted that one of the most important aspects of an historic property was the windows. She felt the windows should be changed back to the original size and style. She noted that the subject property might have qualified for the Local Register, which would allow for application of a Mills Act Contract. She also noted that dual-glazed windows were not necessarily more energy efficient. She felt the new fencing was more period-appropriate but felt it should be looked at by staff as to its appropriateness.

Vice-chair Spann noted no issue with the fencing and wall but felt the windows should be restored back to something similar to what originally existed. He also felt the window shutters should be restored back to what originally existed.

Chair Rea asked if a period specific front door would be installed. Mr. Green replied in the affirmative.

Vice-chair Spann recommended that the windows to the left of the front door be proportionate with the windows to the right.

Chair Rea questioned whether the Commission would be in favor of allowing the owner to restore only the front windows since they were the most visible.

Commissioner Lee questioned whether this would create a color contrast between the period specific front widows and the vinyl windows.

ACTION:

Moved by Chair Rea, seconded by Commissioner Lee, to approve staff's recommendation. Motion carried unanimously. (4-0) Commissioner Taylor was absent from the vote.

2. EDUCATION PRESENTATION TO COMMISSION ON RECENT CALIFORNIA PRESERVATION FOUNDATION'S 3-DAY CONFERENCE IN SAN DIEGO

Chair Rea presented an hour PowerPoint presentation summarizing the recent three-day California Preservation Foundation Conference. Among the discussion points covered were: (1) the need to dissuade buyers if they don't want the responsibilities associated with a historic house, (2) 81% of travelers surveyed claim they are interested in seeing historic structures when vacationing, (3) the "Arches" software, which is available free, has allowed Los Angeles to conduct surveys and enter over 880,000 properties into their database, (3) the new "History Pin" website allows input of old photographs by location, and (5) a discussion of the legal need for having a property's historic designation recorded.

Commissioner Taylor entered the meeting at the beginning of this training.

3. COMMISSIONER COMMENT ON 7/7/15 CPF WEBINAR; REPAIR AND REPLACEMENT OF HISTORIC WINDOWS

Commissioners discussed points covered in the webinar, reiterating the need to be vigilant with design review projects desiring to remove historic windows instead of attempting repair.

4. AD HOC WORK GROUP REPORT ON MILLS ACT MONITORING

Chair Rea asked if the new Mills Act brochures had gone out. Mr. Bingham noted that he would check with Mrs. Cherry when she returned on Monday.

5. AD-HOC WORK GROUP REPORT ON UPDATING THE CITY'S GUIDELINES TO INCLUDE MID-CENTURY

Chair Rea suggested looking at other jurisdictions' guidelines.

6. DISCUSSION ON AD HOC WORK GROUP TOPICS & PARTICIPANTS

Mr. Bingham reported that City staff had met with representatives of a group of west side neighbors regarding the process for designating a new historic district. It is their desire that the new district be named the West Hillside Neighborhood. Chair Rea noted her being impressed with the determination of this group.

ORAL COMMUNICATIONS - None.

COMMISSIONER COMMENTS - None.

ADJOURNMENT:

The meeting was adjourned at 4:16 pm. The next regular meeting was scheduled for October 6, 2015 at 3:00 p.m.

HISTORIC PRESERVATION COMMISSION

Agenda Item No.: G.1
Date: October 6, 2015

TO: Historic Preservation Commission
FROM: Paul Bingham, Assistant Planner II
REQUESTS: Residences addressed as 447 & 453 East Sixth Ave. (case number HP15-0001)
1. Local Register listing
2. Mills Act contract
3. Consideration of the proposed CEQA exemption
RECOMMENDATION: Forward recommendations of approval to the City Council

BACKGROUND:

City of Escondido Historical/Cultural Resources Survey

A City of Escondido Historical/Cultural Resources Survey was completed in 1990 (Agis, May 1990). Close to 1,000 resources were inventoried in the survey for their significance. The Survey of 1990 was conducted in compliance with procedures established by the U.S. Department of the Interior, National Park Service and the State Office of Historic Preservation. A Historical/Cultural Resources Survey is a collection of information that identifies documents and describes the historical resources in the community. The survey also associates the resources with historical events and/or people. Among other preservation programs, the survey serves as the basis for historic preservation plans. The survey also fulfills a higher level of historic nomination requirements (Local, State and National), it allows for the applicability of Historic Building Code in regard to rehabilitation/renovation of structures, and justifies local, state and federal funding assistance.

Local Register of Historic Places Listing

The Historic Preservation Ordinance No. 2000-23, Section 33-794-5 identifies a process and criteria for listing historic structures on the City's Local Register. Requests for listing on the Local Register require that both the Historic Preservation Commission and the City Council conduct a public hearing to consider the request. The historic resource is evaluated against seven criteria and must meet at least two of the seven.

Mills Act Contract and Property Applying

The Mills Act is a state law that enables owners of designated historic properties to enter into a preservation contract with their local legislative body and receive a substantial reduction in the property taxes. One of the incentives for the preservation of historic and/or cultural resources, approved in 1989, allows property owners of designated historic resources to enter into a Mills Act contract with the City. The revised Historic Ordinance 92-409, adopted by Council on October 28, 1992, clarified that a property owner may apply for a Mills Act contract if the resource has been listed as a Local Register property. The current owner is requesting that the subject property be approved for Local Register listing.

The subject property, APN 233-283-2600, consists of .184 acres and is addressed as 447 & 453 East Sixth Avenue. On the property are two separate single-story residences facing the street. It appears the property may have originally been two lots which were later combined. The owner is currently processing a Certificate of Compliance case (SUB 15-0006) in an attempt to legally recreate two lots. The residence addressed as 447 East Sixth is a square shiplap-clad Italianate Cottage built circa 1910 with a detached single bay garage off the alley. The residence addressed as 453 East Sixth is a small rectangular clapboard-clad California Bungalow built circa 1895 with a detached stuccoed two bay garage off the alley. Both residences have later rear additions and front pergolas, but are otherwise mostly as they were when originally built. The placement of the structures and associated fencing on the site give the appearance of two lots similar to the other neighboring lots on both sides of this block also developed with single-family homes.

ANALYSIS

Escondido Historical/Cultural Resources Survey

The applicant has conducted the required historic research and data collection, and has provided the information on the required format, State Department of Parks and Recreation forms (see attached). The

information provided by the applicant, including historical background and descriptive analysis of the architectural style, is adequate for the purpose of determining the appropriateness of adding the structures to the survey.

Local Register of Historic Places Listing

This request by the current owners, John and Lisa DiGiacomo, is to consider placing these resources on the Local Register.

447 East Sixth Avenue:

This residence is over 100 years old and meets the following four of seven criteria (*note that only two are required for Local Register listing approval*):

2. Escondido building or buildings that embody distinguishing characteristics of an architectural type, specimen, or are representative of a recognized architect's work and are not substantially altered.

The existing Italianate Cottage is mostly as it was originally when built circa 1910.

5. Escondido historical resources that are fifty (50) years old or have achieved historical significance within the past fifty (50) years.

The structure was built circa 1910 and is currently 105 years old

6. Escondido historical resources that are an important key focal point in the visual quality or character of a neighborhood, street, area or district.

This residence is located on East Sixth Avenue between South Juniper and South Hickory Streets. Within this block are seventeen properties. Fourteen of these contain residences of a similar era found in the City's 1990 Historic Survey, ten of those are on the Local Register, and two of those have Mills Act contracts.

7. Escondido historic building that is one of the few remaining examples in the City possessing distinguishing characteristics of an architectural type.

This residence is an Italianate Cottage. There are perhaps only a dozen Italianate structures left in the City.

453 East Sixth Avenue:

This residence is over 100 years old and meets the following three of seven criteria (*note that only two are required for Local Register listing approval*):

2. Escondido building or buildings that embody distinguishing characteristics of an architectural type, specimen, or are representative of a recognized architect's work and are not substantially altered.

The existing Craftsman Bungalow is mostly as it was originally when built circa 1895.

5. Escondido historical resources that are fifty (50) years old or have achieved historical significance within the past fifty (50) years.

The structure was originally built circa 1895 and is currently 120 years old.

6. Escondido historical resources that are an important key focal point in the visual quality or character of a neighborhood, street, area or district.

This residence is located on East Sixth Avenue between South Juniper and South Hickory Streets. Within this block are seventeen properties. Fourteen of these contain residences of a similar era found in the City's 1990 Historic Survey, ten of those are on the Local Register, and two of those have Mills Act contracts.

Mills Act Contract

The Mills Act contract is for a minimum of ten years and automatically renews each year unless a notice of non-renewal is filed. The terms of the contract require that the property owner make a commitment to maintain the structure and surrounding property, per a maintenance schedule that has been included with this report (see attached). All improvements must be performed to the Secretary of the Interior Standards. In addition, the applicant has been informed that all exterior modifications require staff review. Staff feels that the proposed Mills Act Contract is appropriate since the property meets the established criteria for a historic resource, and adequate improvements for each residence have been listed.

Respectfully Submitted,

Paul K. Bingham
Assistant Planner II

HISTORIC PROPERTY PRESERVATION AGREEMENT

This Agreement is made and entered into by and between the CITY OF ESCONDIDO, a municipal corporation (hereinafter referred to as "the CITY") and **[Insert Owner's Name]** (hereinafter referred to as "the OWNER").

Recitals

1. WHEREAS, the OWNER possesses and owns real property located within the City of Escondido, which property is more fully described in Attachment "A" to this Agreement (hereinafter "the PROPERTY"); and
2. WHEREAS, the PROPERTY is a qualified historical property in that it is privately owned, it is not exempt from property taxation, and it is listed in the Local Register of Historic Places; and
3. WHEREAS, both the CITY and the OWNER desire to carry out the purposes of Article 12 (commencing with section 50280) of Chapter 1 of Part 1 of Division 1 of Title 5 of the California Government Code and Article 1.9 (commencing with section 439) of Chapter 3 of Part 2 of Division 1 of the California Revenue and Taxation Code; and
4. WHEREAS, both the CITY and the OWNER desire to limit the use of the PROPERTY and to preserve the PROPERTY so as to retain its characteristics as a property of cultural, architectural, and historical significance.

Agreement

NOW THEREFORE, both the CITY and the OWNER, in consideration of the mutual promises, covenants, and conditions contained herein and the substantial public benefits to be derived therefrom, do hereby agree as follows:

1. Applicability of Government Code and Revenue and Taxation Code. This Agreement is made pursuant to Article 12 (commencing with section 50280) of Chapter 1 of Part 1 of Division 1 of Title 5 of the California Government Code and Article 1.9 (commencing with section 439) of Chapter 3 of Part 2 of Division 1 of the California Revenue and Taxation Code and is subject to all of the provisions of these statutes.

2. Preservation/Rehabilitation and Maintenance of Property. During the term of this Agreement, the PROPERTY shall be subject to the following conditions, requirements, and restrictions:

a. The OWNER agrees to preserve/rehabilitate and maintain the cultural, historical, and architectural characteristics of the PROPERTY during the term of this Agreement as set forth in the attached schedule of improvements identified as Attachment B.

b. The OWNER shall maintain all buildings, structures, yards, and other improvements in a manner which does not detract from the appearance of the immediate neighborhood. Prohibited property conditions include, but are not limited to:

- i. Dilapidated, deteriorating, or unrepaired structures, such as fences, roofs, doors, walls, and windows;
- ii. Scrap lumber, junk, trash, or debris;

d. If a code enforcement action has been instituted by the CITY, the CITY may request, and the OWNER shall submit within thirty (30) days, documentation of expenditures incurred and work performed by the OWNER within the last 24 months to accomplish items from the list of scheduled improvements for the PROPERTY as set forth in Attachment B of this Historic Property Preservation (Mills Act) Agreement. If the OWNER performs work on

the PROPERTY, rather than contracting with a third-party, the value of his/her labor shall be calculated at the market rate for such work performed. The OWNER shall be in substantial compliance with the scheduled improvements set forth in Attachment B when the expenditures incurred and work performed to accomplish the improvements are equal to or greater than the OWNER'S annual property tax savings for the last 24 months, as determined by the CITY, based upon the County Tax Assessor's valuation of the PROPERTY using the process set forth in Article 1.9 (commencing with section 439) of Chapter 3 of Part 2 of Division 1 of the California Revenue and Taxation Code.

e. OWNER shall, within thirty (30) days after written notice from the CITY, furnish the CITY with any information the CITY shall require to enable the CITY to determine (i) the PROPERTY'S present state; (ii) the PROPERTY'S continued eligibility as a qualified historic property; and (iii) whether the OWNER is in compliance with this Agreement.

6. Notice of Nonrenewal. If, in any year, either the CITY or the OWNER desires not to renew this Agreement, that party shall serve a written notice of nonrenewal on the other party. If the OWNER elects to serve a notice of nonrenewal, the notice must be served on the CITY at least ninety (90) days prior to the RENEWAL DATE, otherwise one (1) additional year shall automatically be added to the term of this Agreement. Conversely, if the CITY elects to serve a notice of nonrenewal, the notice must be served on the OWNER at least sixty (60) days prior to the RENEWAL DATE, otherwise one (1) additional year shall

automatically be added to the term of this Agreement. The CITY may issue a notice of nonrenewal if the CITY determines improvements, maintenance, rehabilitation, renovation, and/or restoration of the PROPERTY is required for the PROPERTY'S continued eligibility as a qualified historic property. Upon receipt by the OWNER of a notice of nonrenewal from the CITY, the OWNER may make a written protest of the nonrenewal. The CITY may, at any time prior to the RENEWAL DATE, withdraw its notice of nonrenewal.

The CITY may cancel this Agreement if the CITY determines the OWNER: (a) has breached any of the conditions or covenants of this Agreement; (b) has allowed the PROPERTY to deteriorate to the point that it no longer meets the standards of a qualified historical property as defined in California Government Code section 50280.1; or (c) if the OWNER has failed to restore or rehabilitate the PROPERTY in the manner specified in Paragraph 2 of this Agreement.

 **OWNER'S INITIALS**

9. Notice of Cancellation. Notwithstanding the above, this Agreement cannot be cancelled until after the CITY has given notice and has held a public hearing as required by California Government Code section 50285.

10. Cancellation Fee. If the CITY cancels this Agreement in accordance with Paragraph 8, the OWNER shall pay those cancellation fees set forth in California Government Code sections 50280 et seq., described herein. Upon cancellation, the OWNER shall pay a cancellation fee of twelve and one-half percent (12-1/2%) of the current fair market value of the PROPERTY, which is to be determined by the County Assessor as though the PROPERTY were free and clear of any of the restrictions pursuant to this Agreement. The cancellation fee shall be paid to the County Auditor at the time and in the manner that the County Auditor shall prescribe and shall be allocated by the County Auditor to each jurisdiction in the tax rate area in which the PROPERTY is located in the same manner as the County Auditor allocates the annual tax increment in that tax area that fiscal year.

 **OWNER'S INITIALS**

11. No Compensation. The OWNER shall not receive any payment from the CITY in consideration for the obligations imposed under this

Agreement. The parties recognize and agree that the consideration for the execution of this Agreement is the substantial public benefit to be derived therefrom and the advantage that will accrue to the OWNER as a result of assessed value of the PROPERTY because of the restrictions this Agreement imposes on the use and preservation of the PROPERTY.

12. Enforcement of Agreement. As an alternative to cancellation of the Agreement for breach of any condition as provided in Paragraph 8, the CITY may, in its sole discretion, specifically enforce, or enjoin the breach of the terms of this Agreement. In the event of a default, under the provisions of this Agreement by the OWNER, the City shall give written notice to the OWNER by registered or certified mail. If such violation is not corrected to the reasonable satisfaction of CITY within thirty (30) calendars days after the date of notice of violation, or within such reasonable time as may be required to cure the violation (provided the acts to cure the violation are commenced within thirty (30) calendar days and thereafter diligently pursued to completion), the CITY may, without further notice, declare the OWNER to be in breach under the terms of this Agreement, and may bring any action necessary to specifically enforce the obligations of the OWNER growing out of the terms of this Agreement or apply for such other relief as may be appropriate under local, state, or federal law.

13. Indemnification. OWNER shall indemnify, defend (with counsel reasonably acceptable to CITY) and hold harmless the City of Escondido, and all of its boards, commissions, departments, agencies, agents, officers, and employees from and against any and all actions, causes of actions, liabilities, losses, costs, claims, judgments, settlements, damages, liens, fines, penalties and expenses (collectively the "Claims") incurred in connection with or arising in whole or in part from this Agreement, including without limitations:

- a. any accident, injury to or death of a person, loss of or damage to property incurring in or about the PROPERTY;
- b. the use or occupancy of the PROPERTY by the OWNER, their agents or invitees;
- c. the condition of the PROPERTY;
- d. any construction or other work undertaken by the OWNER of the PROPERTY.

This indemnification shall include, without limitation, reasonable fees for attorneys, consultants, experts and the CITY'S cost for investigating any Claims. The OWNER shall defend the CITY and all of its boards, commissions, departments, agencies, agents, officers, and employees from any and all Claims even if such Claim is groundless, fraudulent, or false. The OWNER'S obligations under this Paragraph shall survive termination of this Agreement.

 OWNER'S INITIALS

14. Remedy If Agreement Not An Enforceable Restriction. In the event it is finally determined by a court of competent jurisdiction that this Agreement does not constitute an enforceable restriction within the meaning of the applicable provisions of the California Government Code and the California Revenue and Taxation Code, except for an unenforceability arising from the cancellation or nonrenewal of this Agreement, for any tax year during the life of this Agreement, then this Agreement shall be null and void and without further effect and the PROPERTY shall from that time forward be free from any restriction whatsoever under this Agreement without any payment or further act by the parties.

15. Condemnation Proceedings. If condemnation proceedings are filed against the PROPERTY, or if the PROPERTY is acquired by a public agency in lieu of condemnation proceedings, this Agreement shall be null and void. If the condemnation proceedings are subsequently abandoned or the acquisition rescinded, this Agreement shall be reactivated retroactively and shall be in full force and effect without the need for any further act by the parties.

16. Destruction of Property; Eminent Domain. If the PROPERTY is destroyed by fire or other natural disaster such that in the opinion of the CITY the historic value of the structure has been lost and a majority of the structure must be replaced, this Agreement will be cancelled. If the PROPERTY is acquired in whole or in part by eminent domain or other acquisition by an entity authorized to exercise the power of eminent domain, and the acquisition is determined by the CITY to frustrate the purpose of the Agreement, this Agreement shall be cancelled. No cancellation fee as set forth in Paragraph 10 above and pursuant to California Government Code sections 50280 et seq. shall be imposed if the Agreement is cancelled pursuant to this Paragraph.

17. Entire Agreement. This instrument and its attachments constitute the entire agreement between the parties. The parties shall not be bound by any terms, conditions, statements, or representations, oral or written, not contained in this Agreement. Each party hereby acknowledges that in executing this Agreement, the party has not been induced, persuaded, or motivated by any promise or representation made by the other parties, unless expressly set forth in this Agreement. All previous negotiations, statements, and preliminary instruments by the parties or their representatives are merged in this instrument and are of no force and effect.

18. Attorney's Fees. In the event legal proceedings are brought by any party or parties hereto, to enforce or restrain a violation of any of the covenants, reservations, or restrictions contained herein, or to determine the rights and duties of any party hereunder, the prevailing party in such proceeding may recover its

reasonable attorney's fees in addition to court costs and other relief ordered by the court.

19. Modification. No modification of this Agreement shall be valid or binding unless the modification is in writing, signed by all parties, and recorded with the County Recorder for the County of San Diego.

20. Binding Effect. This Agreement shall be binding on and inure to the benefit of all parties herein, their heirs, successors-in-interest, legal representatives, assigns and all persons acquiring any part or portion of the PROPERTY, whether by operation of law or otherwise, and that any such person(s) shall have the same rights and obligations under this Agreement.

21. Choice of Law and Forum. This Agreement and the legal relations between the parties shall be governed by and construed in accordance with the laws of the State of California. Any action or proceeding to enforce any provision of this Agreement shall be brought in the San Diego Superior Court, North County Division.

22. Sale. If the PROPERTY is sold, the OWNERS shall notify the CITY of the sale and present to the CITY a signed statement from the new owners indicating that a copy of this Agreement, the list of scheduled improvements for the PROPERTY as set forth in Attachment B of this Agreement, and any amendments to this Agreement were provided to them.

23. Headings. The headings of the paragraphs of this Agreement are inserted for convenience only. They do not constitute part of this Agreement and shall not be used in its construction.

24. Waiver. The waiver by any party to this Agreement of a breach of any provision of this Agreement shall not be deemed a continuing waiver or a waiver of any subsequent breach of that or any other provision of this Agreement.

25. Severability. The invalidity in whole or in part of any provision of this Agreement will not void or affect the validity of any other provisions of this Agreement.

26. Notices. Any notice, delivery or other communication pursuant to this Agreement shall be in writing and shall be given to:

HISTORIC PRESERVATION COMMISSION

Agenda Item No.: G.2
Date: October 6, 2015

TO: Historic Preservation Commission

FROM: Paul Bingham, Assistant Planner II

REQUESTS: Residence addressed as 423 South Ivy Street (case number HP15-0002)

1. Local Register listing request,
2. Mills Act contract request and
3. Consideration of the proposed CEQA exemption

RECOMMENDATION: Forward recommendations of approval to the City Council

BACKGROUND:

City of Escondido Historical/Cultural Resources Survey

A City of Escondido Historical/Cultural Resources Survey was completed in 1990 (Agis, May 1990). Close to 1,000 resources were inventoried in the survey for their significance. The Survey of 1990 was conducted in compliance with procedures established by the U.S. Department of the Interior, National Park Service and the State Office of Historic Preservation. A Historical/Cultural Resources Survey is a collection of information that identifies documents and describes the historical resources in the community. The survey also associates the resources with historical events and/or people. Among other preservation programs, the survey serves as the basis for historic preservation plans. The survey also fulfills a higher level of historic nomination requirements (Local, State and National), it allows for the applicability of Historic Building Code in regard to rehabilitation/renovation of structures, and justifies local, state and federal funding assistance.

Local Register of Historic Places Listing

The Historic Preservation Ordinance No. 2000-23, Section 33-794-5 identifies a process and criteria for listing historic structures on the City's Local Register. Requests for listing on the Local Register require that both the Historic Preservation Commission and the City Council conduct a public hearing to consider the request. The historic resource is evaluated against seven criteria and must meet at least two of the seven.

Mills Act Contract and Property Applying

The Mills Act is a state law that enables owners of designated historic properties to enter into a preservation contract with their local legislative body and receive a substantial reduction in the property taxes. One of the incentives for the preservation of historic and/or cultural resources, approved in 1989, allows property owners of designated historic resources to enter into a Mills Act contract with the City. The revised Historic Ordinance 92-409, adopted by Council on October 28, 1992, clarified that a property owner may apply for a Mills Act contract if the resource has been listed as a Local Register property. The current owner is requesting that the subject property be approved for Local Register listing.

The subject property at 423 South Ivy Street (APN 229-501-0700) consists of .078 acre with an 888 SF unaltered California Bungalow built in 1923. A small garage covered in corrugated metal was added in the rear later. The house was first owned by the Turrentine family. The subsequent owners, the Carroll family, had a

son Army Col. Bernard G. Canby Jr. who was the creator of the famous "Eternal Flame" that marks President John F. Kennedy's grave in Arlington Cemetery.

ANALYSIS

Escondido Historical/Cultural Resources Survey

The applicant has conducted the required historic research and data collection, and has provided the information on the required format, State Department of Parks and Recreation forms (see attached). The information provided by the applicant, includes historical background and descriptive analysis of the architectural style, is adequate for the purpose of determining the appropriateness of adding the structures to the survey.

Local Register of Historic Places Listing

This request by the current owner, Jesse M. Hanwit, is to consider placing this resource on the Local Register.

The residence meets the following three of seven criteria (*note that only two are required for Local Register listing approval*):

1. Escondido historical resources that are strongly identified with a person or persons who significantly contributed to the culture, history, prehistory, or development of the City of Escondido, region, state or nation.

The residence was occupied by individuals and families important to the City's and nation's history.

2. Escondido building or buildings that embody distinguishing characteristics of an architectural type, specimen, or are representative of a recognized architect's work and are not substantially altered.

The existing California Bungalow built is as originally built in 1923 and is a good example of this period architecture.

5. Escondido historical resources that are fifty (50) years old or have achieved historical significance within the past fifty (50) years.

The structure was built circa 1923 and is currently 92 years old

Mills Act Contract

The Mills Act contract is for a minimum of ten years, automatically renewed each year unless a notice of non-renewal is filed. The terms of the contract require that the property owner make a commitment to maintain the structure and surrounding property, per a maintenance schedule that has been included with this report (see attached). All improvements must be performed to the Secretary of the Interior Standards. In addition, the applicant has been informed that all exterior modifications require staff review. Staff feels that the proposed Mills Act Contract is appropriate since the property meets the established criteria for a historic resource. It is recommended that the Commission review the list of improvements and suggest further items if needed.

Respectfully Submitted,

Paul K. Bingham
Assistant Planner II

The bungalow showed up in America in the 1880s, scattered here and there and especially in New England. But it was its development in Southern California that paved the way for its new role as a year-round house, and turned it into the most popular house style American had ever known. Suburbs were developing and there was a need for "an innovative, small, single-family, simple but artistic dwelling; inexpensive, easily built, yet at the same time attractive to the new middle-class buyer." The term California Bungalow appeared in by 1905 and it was Stickley's appreciation of the Bungalow as an embodiment of Craftsman architectural ideals that gave it its wider appeal. Stickley's message had three major principles: simplicity, harmony with nature, and the promotion of craftsmanship. During this period, home ownership was becoming a realizable. A need existed for small and simple house that would look good even if plainly built and furnished and the California Bungalow met that need.

6. Notice of Nonrenewal. If, in any year, either the CITY or the OWNERS desire not to renew this Agreement, that party shall serve written notice of nonrenewal on the other party. If the OWNERS elect to serve a notice of nonrenewal, the notice must be served on the CITY at least ninety (90) days prior to the RENEWAL DATE, otherwise one (1) additional year shall automatically be added to the term of this Agreement. Conversely, if the CITY elects to serve a notice of nonrenewal, the notice must be served on the OWNERS at least sixty (60) days prior to the RENEWAL DATE, otherwise one (1) additional year shall automatically be added to the term of this Agreement. Upon receipt by the OWNERS of a notice of nonrenewal from the CITY, the OWNERS

may make a written protest of the nonrenewal. The CITY may, at any time prior to the RENEWAL DATE, withdraw its notice of nonrenewal.

7. Effect of Notice of Nonrenewal. If, in any year, either party serves a notice of nonrenewal as provided in Paragraph 6 above, this Agreement shall remain in effect for: (1) the balance of the period remaining under the initial term of this Agreement; or (2) the balance of the period remaining since the last automatic renewal, whichever the case may be.

8. Cancellation. The CITY may cancel this Agreement if the CITY determines the OWNERS have breached any of the conditions or covenants of this Agreement or have allowed the PROPERTY to deteriorate to the point that it no longer meets the standards of a qualified historical property. The CITY may also cancel this Agreement if it determines that the OWNERS have failed to restore or rehabilitate the PROPERTY in the manner specified in this Agreement.

OWNER'S INITIALS

9. Notice of Cancellation. Notwithstanding the above, this Agreement cannot be cancelled until after the CITY has given notice and has held a public hearing as required by California Government Code section 50285. Notice of the hearing shall be mailed to the last known address of each owner of property within the same historic zone as the PROPERTY and shall be published in accordance with California Government Code section 6061.

10. Cancellation Fee. If the CITY cancels this Agreement in accordance with Paragraph 8, the OWNERS shall pay a cancellation fee of twelve and one-half percent (12-1/2%) of the then current fair market value of the PROPERTY, which is to be determined by the County Assessor as though the PROPERTY were free and clear of any of the restrictions contained in this Agreement. The cancellation fee shall be paid to the County Auditor at the time and in the manner that the County Auditor shall prescribe and shall be allocated by the County Auditor to each jurisdiction in the tax rate area in which the PROPERTY is located in the same manner as the County Auditor allocates the annual tax increment in that tax area that fiscal year.

OWNER'S INITIALS

11. No Compensation. The OWNERS shall not receive any payment from the CITY in consideration for the obligations imposed under this Agreement. The parties recognize and agree that the consideration for the execution of this Agreement is the substantial public benefit to be derived therefrom and the advantage that will accrue to the OWNERS as a result of the effect this Agreement will have on the assessed value of the PROPERTY because of the restrictions this Agreement imposes on the use and preservation of the PROPERTY.

12. Remedy If Agreement Not An Enforceable Restriction. In the event it is finally determined by a court of competent jurisdiction that this Agreement does not constitute an enforceable restriction within the meaning of the applicable provisions of the California Government Code and the California Revenue and Taxation Code, except for an unenforceability arising from the cancellation or nonrenewal of this Agreement, for any tax year during the life of this Agreement, then this Agreement shall be null and void and without further effect and the PROPERTY shall from that time forward be free from any restriction whatsoever under this Agreement without any payment or further act by the parties.

13. Condemnation Proceedings. If condemnation proceedings are filed against the PROPERTY, or if the PROPERTY is acquired by a public agency in lieu of condemnation proceedings, this Agreement shall be null and void. If the condemnation proceedings are subsequently abandoned or the acquisition rescinded, this Agreement shall be reactivated retroactively and shall be in full force and effect without the need for any further act by the parties.

14. Entire Agreement. This instrument and its attachments constitute the entire agreement between the parties. The parties shall not be bound by any terms, conditions, statements, or representations, oral or written, not contained in this Agreement. Each party hereby acknowledges that in executing this Agreement, the party has not been induced, persuaded, or motivated by any promise or representation made by the other parties, unless expressly set forth in this Agreement. All previous negotiations, statements, and preliminary instruments by the parties or their representatives are merged in this instrument and are of no force and effect.

15. Modification. No modification of this Agreement shall be valid or binding unless the modification is in writing, signed by all parties, and recorded with the County Recorder for the County of San Diego.

16. Binding Effect. This Agreement shall be binding on and inure to the benefit of all successors-in-interest of the OWNERS. A successor-in-interest shall have the same rights and obligations under this Agreement as the OWNERS.

17. Choice of Law and Forum. This Agreement and the legal relations between the parties shall be governed by and construed in accordance with the laws of the State of California. Any action or proceeding to enforce any provision of this Agreement shall be brought in the San Diego Superior Court, North County Division.

18. Headings. The headings of the paragraphs of this Agreement are inserted for convenience only. They do not constitute part of this Agreement and shall not be used in its construction.

19. Waiver. The waiver by any party to this Agreement of a breach of any provision of this Agreement shall not be deemed a continuing waiver or a waiver of any subsequent breach of that or any other provision of this Agreement.

20. Severability. The invalidity in whole or in part of any provision of this Agreement will not void or affect the validity of any other provisions of this Agreement.

21. Notices. Any notice, delivery or other communication pursuant to this Agreement shall be in writing and shall be given to:

Solar Technology

Recommended

Considering on-site, solar technology only after implementing all appropriate treatments to improve energy efficiency of the building, which often have greater life-cycle cost benefit than on-site renewable energy.

Analyzing whether solar technology can be used successfully and will benefit a historic building without compromising its character or the character of the site or the surrounding historic district.

Installing a solar device in a compatible location on the site or on a non-historic building or addition where it will have minimal impact on the historic building and its site.

Not Recommended

Installing on-site, solar technology without first implementing all appropriate treatments to the building to improve its energy efficiency.

Installing a solar device without first analyzing its potential benefit or whether it will negatively impact the character of the historic building or site or the surrounding historic district.

Placing a solar device in a highly-visible location where it will negatively impact the historic building and its site.

Solar Technology

Recommended

Installing a solar device on the historic building only after other locations have been investigated and determined infeasible.

Installing a low-profile solar device on the historic building so that it is not visible or only minimally visible from the public right of way: for example, on a flat roof and set back to take advantage of a parapet or other roof feature to screen solar panels from view; or on a secondary slope of a roof, out of view from the public right of way.

Installing a solar device on the historic building in a manner that does not damage historic roofing material or negatively impact the building's historic character and is reversible.

Installing solar roof panels horizontally—flat or parallel to the roof—to reduce visibility.

Investigating off-site, renewable energy options when installing on-site solar devices would negatively impact the historic character of the building or site.

Not Recommended

Installing a solar device on the historic building without first considering other locations.

Installing a solar device in a prominent location on the building where it will negatively impact its historic character.

Installing a solar device on the historic building in a manner that damages historic roofing material or replaces it with an incompatible material and is not reversible.

Removing historic roof features to install solar panels.

Altering a historic, character-defining roof slope to install solar panels.

Installing solar devices that are not reversible.

Placing solar roof panels vertically where they are highly visible and will negatively impact the historic character of the building.
